**DESCRIPTION**
Texas Tech University Health Sciences Center (TTUHSC) in Lubbock, Texas, is seeking board eligible or board certified candidates for an Endocrinology & Metabolism Faculty position under the Department of Internal Medicine. The successful candidate will have the extraordinary opportunity to join TTUHSC at an exciting period of transition and growth. Faculty rank will be commensurate with experience.

**QUALIFICATIONS**
- BE/BC
- Texas license OR ability to apply for Texas license
- The candidate should have exemplary clinical skills, a team spirit, collegiality and an interest in teaching and/or clinically based scholarly activity

**DUTIES**
- Inpatient and outpatient clinical service with primary focus on management of endocrine related disorders.
- Teach, supervise, and mentor medical students and residents on Endocrinology service.
- Clinical translational or basic science research experience and interest is a plus.
The Department of Internal Medicine is the largest clinical department at TTUHSC School of Medicine which houses 10 divisions that include Allergy and Immunology, Cardiology, Endocrinology and Metabolism, Gastroenterology, General Internal Medicine, Hematology and Oncology, Infectious Diseases, Nephrology, Pulmonary Critical Care and Sleep Medicine, and Rheumatology. There are 46 full time faculty, 10 part-time faculty, 48 internal medicine residents, 28 subspecialty fellows, 10 post docs and 8 full time research faculty.

Furthermore, there are 150 affiliate and clinical faculty in the department in addition to the full time faculty who participate in the teaching of the trainees. Also included in the department are more than 150 staff. The research mission is funded through multiple National Institutes of Health and Department of Defense funding along with a robust clinical trials program.

It is a priority for the Department of Internal Medicine and School of Medicine to grow the clinical and academic missions of the division of Endocrinology and Metabolism. The division provides service in both the clinic and hospital settings. Learn more.

48 internal medicine residents, 28 subspecialty fellows, 10 post docs and 8 full time research faculty.

Like Texas itself, we are an independent and proud institution that is part of a larger union, the Texas Tech University System. As a university separate from Texas Tech University, Texas Tech University Health Sciences Center (TTUHSC) has been entrusted with a singular charge: to teach the next generation of doctors, nurses, pharmacists, researchers and health care professionals while simultaneously providing the people of West Texas with world-class patient care. We are both an institution of higher learning and a place where people come for life-saving medical care.

The growing institution has campuses in Lubbock, Abilene, Amarillo, Austin, Dallas/Fort Worth, Midland and Odessa. More than 10,000 health care professionals have been trained within TTUHSC’s five schools (medicine, nursing, biomedical sciences, health professions, and pharmacy).

and it continues to meet the health care needs of the 2.5 million people who live throughout a vast 108 counties stretching from the Texas Panhandle south to the Permian Basin and west into Eastern New Mexico.

• The AAMC has ranked Texas Tech #1 in faculty satisfaction (Promotion & Tenure, Transparency, Women's satisfaction in the workplace)
• Top 10% in the U.S. for diversity
• TTUHSC Graduating Medical students are in the top 15%
• Clinical Research institute available to faculty-Biostatisticians, research nurses
• Collaboration with two local hospital systems, including a free-standing Children's Hospital

Learn more about TTUHSC
Whether you choose to explore local trails, savor the taste of Texas High Plains wine and local craft brews or immerse yourself in Lubbock’s talent at the First Friday Art Trail, Lubbock offers unique experiences for all walks of life. From local artists and entertainment to first-class dining and an evolving culture—this is Lubbock, Texas.

Recently named in the Top 10 Places to Raise a Family by Zumper. Lubbock has attractions for all ages. Create lasting memories racing go-carts or flying through the air on a rollercoaster or zipline while you experience the South Plains in the most unforgettable way.

Out of all Texas wine grapes grown in the state, the region grows 90% of these grapes, making the area a true master of the grape-growing craft. Taste the Texas High Plains from one of our many wineries in the area. With an average of 265 days of sunshine per year, raise your glass of award-winning, locally crafted beer or the famous Chilton to the “Hub City” at one of our eclectic patios downtown. In addition to local libations, Lubbock’s selection of local cuisine is as extensive as it is rich. From traditional Italian pastas and perfectly seared cuts of beef to fresh seafood flown in daily, Lubbock has the perfect selection for all occasions. As chefs across the city put a local twist on global cuisine, locals and visitors alike can experience the culture of Lubbock.

As the first designated cultural district in the state of Texas, Lubbock celebrates its artistic roots on stage, on display and on record. Lubbock is home to both world-renowned and local art. Enjoy the city’s talent perusing through state-of-the-art galleries or hands-on at a printmaking studio. Learn more about the iconic rock “n” roll legend, Buddy Holly, and celebrate his legacy at Lubbock’s newest premiere theater venue, the Buddy Holly Hall of Performing Arts and Sciences.

Travel back in time to witness first-hand the history of agriculture and ranching innovation on the South Plains. As you walk through the 19-acre historical park at the National Ranching Heritage Center or discover artifacts at the Lubbock Lake Landmark, experience Lubbock’s western heritage and pioneering spirit like a local.
